

Empower Your Business Transformation with ValueMetrics and IFS

Unlock Growth and Future-Proof Your Operations

Can your current enterprise resource planning system (ERP) keep up in today's rapidly evolving business landscape?

IFS Cloud offers a comprehensive suite of tools designed to empower businesses of all sizes and industries to achieve their goals, while evolving along with the ever-changing demands of doing business in a digital world.

Whether you're looking to expand operations, or modernise and upgrade your existing systems, ValueMetrics Consulting and IFS have the expertise, tools, and strategic insight to ensure your ERP journey is smooth, future-proof, and designed to fuel sustainable growth.

With IFS ERP and ValueMetrics, you'll have the tools and insights to make bold decisions, accelerate your growth, and achieve your business goals.

Understanding Your Needs

Every business is unique, and your ERP needs will vary depending on your specific goals and challenges. To help you navigate the world of ERP, we've identified two key ERP lifecycle stages:

A Focus on Growth

You might be ready take your business to the next level, but your current ERP system is not. Most legacy ERP is clunky, inflexible, and can't keep up with the type of rapid growth you're look for. We provide the scalability, flexibility, and advanced features you need to fuel your expansion.

-  **Scale your operations with ease**
Add new users, functionalities, and modules as you grow, without missing a beat.
-  **Adapt to new markets and opportunities**
Customise IFS Cloud to fit your unique business processes and conquer new challenges.
-  **Embrace innovation**
Leverage cutting-edge technologies like AI and machine learning to optimise your operations and gain a competitive edge.

Building the Future

The thought of upgrading your ERP can seem daunting and complex. But what if modernising your ERP was easier than you think? With ValueMetrics and IFS Cloud, it can be.

-  **Say goodbye to complex upgrades**
Our cloud-based solution eliminates the need for costly and time-consuming upgrades.
-  **Integrate seamlessly**
Easily connect IFS Cloud with your existing systems, ensuring data integrity and a smooth transition.
-  **Reduce your IT burden**
Lower your total cost of ownership with our cloud-based solution, freeing up valuable resources and reducing IT costs.

With IFS Cloud and ValueMetrics, you can modernise your operations, improve efficiency, and gain a competitive edge – without the headaches and complexities of traditional ERP upgrades.

Make the change with IFS Accelerator for SAP

The new IFS Accelerator for SAP offers a proven, low-risk pathway to modernise onto IFS Cloud, delivering measurable value in months, not years.

Rapid time to value	Pre-configured migration tool sets, staged cut over playbooks, and experienced guidance.
Industrial AI readiness	Built-in access to IFS.ai for predictive maintenance, intelligent planning, and autonomous workflows from day one.
Operational continuity	Robust data governance and change management frameworks keep core processes running throughout migration.
Independent ROI proof	IDC study shows 11-month average payback and 414 % three-year ROI for IFS Cloud customers.

About ValueMetrics Consulting
